Using Agency MPA Maryland Port Administration			Contractor Name, City State N/A	Contract Identifier & Project Title 221022-H Undercarriage Vehicle Inspection Scanner System	
Description/Remarks (Include reasons for contract modifications, if applicable, and indicate if extension or renewal option) The Maryland Port Administration (MPA) canceled Request for Proposals No. 221022-H for the purchase of an Undercarriage Vehicle Inspection Scanner for Dundalk Marine Terminal. Only one proposal was received in response to the solicitation. Review of that proposal raised questions regarding the scope of work, the site at which the device is to be delivered, and the minimum needs of MPA. Since the resolution of those questions may result in substantial revisions to the specifications, MPA deemed it appropriate to cancel the solicitation under COMAR 21.06.02.02C(1) and resolicit at a later date.
